Town Council Highlights from January

The following represents a summary of decisions from the Regular Council Meeting held by Salisbury Town Council on Monday, January 12, 2026. These represent highlights, and are not formal council minutes, which are posted upon approval at a future Regular Council Meeting:

Consent Agenda

After adopting the Minutes of Council's Regular and Special meetings held in December, Council approved a Consent Agenda that included the monthly Planning and Development Report from Plan360 covering November 2025 activity in the Town of Salisbury.

Public Presentation

Susan Linkletter joined the meeting for a presentation on behalf of the Salisbury Farmers and Artisans Market, the collective at the big red barn on Main being a Salisbury multi-grant applicant. She was pleased to report to Council that the Market budget was "in the black" at the completion of its last full fiscal year.

Reports from Administration

Salisbury CAO Austin Henderson provided updates on a pair of files, with Council giving the nod for Administration to continue working with Narrative Research on an upcoming survey of all households in the Town, intended to help Council with its strategic planning. Council also gave its approval in principle to a document that establishes measurable Levels of Service, a tool to be used to communicate municipal services to both the public and to Council during annual budget deliberations.

Closed Session

Council went into Closed Session in order to discuss a matter of a financial nature and another with regards to land, protected under Sections 68(1)(c) and (d), respectively, of the New Brunswick Local Governance Act.

Resolutions

Council then closed its first public session of the new year by ratifying renewed reciprocal agreements with the Anglophone East School District and the Salisbury/Petitcodiac Baseball Association, as well passing a motion cancelling the Council meetings scheduled in the month leading up to the May 11 Municipal Election.

Next Meeting

The next Regular Council Meeting will be held on February 9, 2026, at 7:00 PM. The next edition of Council Highlights will be posted after that meeting.

Agendas for Council Meetings can be found online here: https://salisburynb.ca/municipal-office/council-meetings/.

Homestead Road Rezoning to Return to Council in February

A Public Hearing of objections was held on the evening of January 26, 2026, concerning the Town of Salisbury's consideration of a proposed By-law to amend By-law No. 16, the “Town of Salisbury Municipal Plan,” and a proposed By-law to amend By-law No. 17, the “Town of Salisbury Zoning By-law."

The proposed By-law amendments are intended to redesignate and rezone the property known as PID # 01052695, located at Homestead Road, Salisbury, from Rural to Industrial on the Future Land Use Map and from Rural Area zone to Industrial zone on the Zoning Map. The purpose of these amendments is to permit the operation consisting of a shopping cart repair facility and repair and maintenance company for grocery stores from this location.

The matter returns to Town Hall at the Regular Council Meeting on Monday, February 9 (at 7:00 PM). Council will consider First and Second Readings of the proposed by-law amendments.

A Look Back at 2025

In 2025, the Town of Salisbury issued 75 permits for a total construction value of $37,853,219 with institutional permits leading the way at $20-million in construction value.

“The Town’s development activity demonstrates how our strategic planning and foresight lead to intentional growth that respects the small-town realities of our community,” says Mayor Robert Campbell. “The Town is pleased to see the confidence of institutional, commercial, and residential development that fills the gaps in our community, and looks forward to seeing another positive year, for residential development in particular, in 2026.”

In 2025, a total of 42 residential units were created, 35% more than in 2024. This includes a multi-unit building on Dundee Drive and one Accessory Dwelling Unit, incentivized through the Town of Salisbury’s Residential Development Incentive Program. Housing remains a key priority for the Town with more residential growth expected as we enter 2026.

Institutional permits, including for the new Government of Canada Building on Fredericton Road and the new Department of Transportation and Infrastructure (NBDTI) building in River Glade, compliment the recent completion of the Salisbury Fire Rescue Station, showing how all three levels of government continue to make generational investments in our community.

The Town is guided by a 2023-2026 Strategic Plan.

Dog Tags cost $10 for spayed or neutered dogs or $30 if the dog is not spayed or neutered. As of April 1, a late fee will be applied to the purchase of a Dog Tag. Proof of vaccination by a licenced veterinarian must be provided when buying a Salisbury Dog Tag.

ROYAL CANADIAN MOUNTED POLICE

DID YOU KNOW? | ONLINE CRIME REPORTING (OCR)

Online Crime Reporting provides an alternative way for New Brunswickers in an RCMP area of jurisdiction to report certain non-emergency crimes without calling the police or visiting a detachment.

Online crime reporting is not intended to replace other forms of reporting crime. Always call 911 in an emergency.

The RCMP non-emergency line is 1-888-506-RCMP.

HOW DOES IT WORK?

The easy-to-use website guides you through a series of questions to provide the police with information about your incident.

At the end, you will receive an email confirmation with an incident number and a report, which can be used for insurance purposes.

15 MINS.

Completing the report takes about 15 minutes.

All reports submitted via OCR are reviewed by the RCMP and entered into the RCMP's record management system.

A police officer will contact you if more information is required.

WHAT CAN I REPORT USING OCR?

- Animal Call
- Damage/Mischief Under $5000 to Property
- Damage/Mischief Under $5000 to Vehicle
- Driving Complaint
- Found Property
- Hate Motivated Incident
- Hate Motivated Incident - Online
- Hit and Run to Property
- Hit and Run to Unoccupied Vehicle
- Hit and Run to Unoccupied Vehicle or Property
- Lost Licence Plates or Decals
- Lost Property
- Stolen Licence Plates or Decals
- Theft of Bicycle Under $5000
- Theft Under $5000
- Theft Under $5000 from Vehicle

WHY SHOULD I USE OCR?

- It's available 24/7.
- There's no need to visit or call a detachment.
- It provides a report that can be used for insurance purposes.
- It contributes important information to assess crime trends.

DO NOT USE OCR IF:

- The stolen property includes firearms, credit cards, or personal identification (e.g., driver's licence or passport).
- The value of stolen or damaged property exceeds $5,000.
- There are witnesses or video evidence of the crime.
- Incidents that do not meet the criteria for OCR are directed to the RCMP's non-emergency line 1-888-506-RCMP.
- Call police or 911 immediately if the incident is still in progress, or if it is an emergency.

Crime- Who to Call?

If you see crime happening, or wish to report that criminal activity has taken place, there are a few different approaches to take:

(1) If an incident is still in progress or is an emergency, please call 911.

(2) There is also the daytime non-emergency phone number for Southeast District RCMP Caledonia Regional Detachment, which is currently located at the corner of Pine Glen and Whitepine in Riverview: 506-387-2222.

(3) There is also the Online Crime Reporting (OCR) website (https://ocre-sielc.rcmp-grc.gc.ca/en) that was introduced in recent years. Types of crime that can be reported using this online tool are mischief/damage to property under $5,000, theft under $5,000 (including theft of a bicycle and theft from a vehicle under $5,000), and lost property. This tool can take the place of having to phone the province-wide RCMP non-emergency line (1-888-506-RCMP) or visiting a detachment such as Caledonia. At the end of filing a report using OCR, you will receive an e-mail confirmation with an incident number and a report, which can be used for insurance purposes.

(4) Another option is the New Brunswick Department of Justice and Public Safety's Safer Communities and Neighbourhoods (SCAN) Investigative Unit. SCAN works closely with policing services such as the RCMP to remove the criminal element from communities. The difference is: with the SCAN Act not being criminal legislation, this is a civil law approach through Court of King's Bench in which property owners and occupants are held responsible for criminal activity such as prostitution, drugs, illegal liquor, illegal gaming, illegal firearms and organized crime, including fortified houses. Another difference under the SCAN Act as opposed to a criminal investigation is that the complaint remains confidential and it is the SCAN officer, not the complainant, who appears in court. SCAN is a community-driven program in that it takes complaints directly from public complainants who are affected in cases where safety is an issue. The goal of SCAN is to make an area feel safe again through both non-judicial and judicial actions. SCAN can be reached by phone at 1-877-826-2122, by email at SCAN@gnb.ca, or online at www.gnb.ca/publicsafety.
